

please don't make allowances for companies requesting it. i finally have some peace in my home, and am on the no call list for a reason. please respect and uphold my privacy, if you don't, then what is the sense in having the no call list. finally something that protects me is in place. please don't take this protection away. if there is payment involved in allowing this to happen, the money needs to be split with the people on the no call list, not kept by you. please don't allow us to be violated. thank you.
